CALOMEL 'IVATES AND MAKES SICK

Acts like dynamite on a sluggish liver
and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when only a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not sallowate.

Children and grown folks can take Dodson's Liver Tone, because it is

perfectly harmless. Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

Volunteer as Patriots For Government Work

Carpenters 60c, Laborers 35c Per Hour

Lodging Free

The Government at Washington has called upon the citizens of KENTUCKY at once to furnish the men to build—or lose from the State entirely—the wonderful Camp Henry Knox, at Stithon, designed to be the greatest Artillery Training Camp in the United States. The credit and good name of the Commonwealth of KENTUCKY must be upheld. And the State MUST NOT lose this great plant, calling for an investment on the part of the United States Government of from \$15,000,000 to \$20,000,000

Up to this time the work has lagged for want of men. It is now up to the men of Kentucky to volunteer, or be forced to do so later on. There is no middle course.

Ten Thousand Workmen Must Come Forward

CARPENTERS AND LABORERS

Wages are high and are fixed by the Government. Carpenters 60 cents an hour. Laborers 35 cents an hour. Carpenters and laborers work ten hours each day, receiving pay for eleven hours. Saturday afternoon and Sunday work (not compulsory) double pay for carpenters; time and a half for laborers.

Free sleeping quarters provided with new cots and blankets. Meals 30c each. Transportation free to laborers and charges advanced to carpenters from any point in state of General Washington and the Continental Army at Valley Forge.

SANITARY CONDITIONS ARE OF THE BEST

Camp Knox was selected for a permanent site because it is located on the highest point of land on the Illinois Central between Louisville and New Orleans. Camp Knox has one of the best health records in the country.

PATRIOTIC WOMEN OF KENTUCKY.

See to it that every able-bodied man in the State, not engaged in other war industries, volunteers his services at high pay, to help get this great permanent Kentucky camp ready for the brave boys of the Commonwealth and other States, now billeted in tents at Camp Taylor and West Point, so that they will not have to suffer the privations of General Washington and the Continental Army at Valley Forge.

If it is not your own son who must be housed at Camp Knox this winter, it is the boy of some other mother—all of them training to protect our liberty in the great fight Employment Service, just as they would a Hun spy or an Army Slacker.

Provided men do not volunteer for this well-paid and necessary patriotic work, it is the duty of every loyal Kentucky woman to report them to the nearest United States Employment Service, just as they would a Hun spy or an Army Slacker.

Show them their duty!
Make them volunteer.
Take their places

CAMP KNOX MUST BE READY BY DECEMBER 1.

Before cold weather sets in, barracks at Camp Knox to shelter not less than 30,000 soldiers and 30,000 animals in that time, if all work together. It is a man-sized job all right, even for Kentuckians, but can be done, as Kentuckians never fail in what they undertake.

Full-blooded Kentucky co-operation can complete quarters for not less than 50,000 soldiers and 50,000 animals in that time, if all work together. It is a man-sized job all right, even for Kentuckians, but can be done, as Kentuckians never fail in what they undertake.
